			Your password must be 5 to 14 characters, including at least one letter and one number. You may also use special characters (such as @, %, &, #). To help ensure the security of your password, you should: Choose a password that is different than your ATM PIN. Choose a password that is different than your username. Select a password that is not easy for others to guess such as your phone number or Social Security number. Change your password once a month for added security. Memorize your password and never write it down or reveal it to anyone, including bank employees. Do not let other people use your password. By giving your password to another person, you take full responsibility (until you notify us) for all transactions made by that person or anyone else they may give your password to	5	14	Y	Y	Y	1x#, 1xLetter		222917500	0.000258006	95
